

AUTO CRASH

MRS. A. L. BAIRD'S NEW SEDAN SMASHED IN COLLISION CAUSED BY HEEDLESS DRIVER

Mrs. A. L. Baird, of 420 Milford, had a narrow escape from serious injury Tuesday afternoon as she was returning from Los Angeles in her new Oakland Sedan. She was approaching the P. E. crossing on the San Fernando Road when a Dodge car, driven at high speed by a man named Musacco, of 663 Lamar street, Los Angeles, whirled around the corner from the north, as he was coming down Glendale avenue. He had been watching someone at the fruit stand near Forest Lawn, it is claimed, instead of looking after his driving and on catching sight of Mrs. Baird's car, first tried to cut the corner close and pass to the left of her car, then turned and drove squarely across the San Fernando Road in front of her, with the result that her car struck his with great force. One wheel was smashed, the hood battered in and the heavy metal side bars of the chassis twisted. Luckily, Mrs. Baird was not injured in the slightest and she at once had her husband phoned to to hurry down there. He took a camera with him and secured several pictures of the two cars, showing the position of both of them. Several witnesses, who saw the collision, will be called to testify at the hearing, as Mr. Baird is determined that the full facts in the case shall be brought out and the blame fixed where it belongs and the damages to his car paid for.

RECEIVES CROIX DE GUERRE

Harold Salisbury, of 506 East Harvard, who returned home from overseas three months ago, on Wednesday received from the French government the Croix de Guerre which was awarded him for distinguished valor. On one side of the cross is a gilt star denoting individual service, on the other the head of Jeanne d'Arc and the words, "Republique de France, 1914-1918," in a circle surrounding it. Accompanying the cross was a certificate from Petain, Marshal of France, and a translation of it in English, reciting the act of bravery entitling Lieut. Salisbury to the cross. It is a most treasured document in the Salisbury family.

HIGH JINKS FOR ELKS

Glendale Elks are being reminded that next Monday is to be another big night when interesting things will be doing in connection with the regular meeting and afterwards. At least ten candidates will be initiated, and not less than fifteen applications to be acted upon are pending. A big delegation will be present from Fillmore and the surrounding country, and Past Exalted Ruler Bert Woodward will be there to present a report of the great Elks' Convention at Atlantic City, which he attended as the delegate of the lodge. Following the session there will be a supper and a big time in the way of entertainment in the jinks room.

LUNCHEON AT LA RAMADA

Mrs. Albert D. Pearce of 459 Milford street was hostess at a pretty luncheon which she gave Thursday at La Ramada in honor of Mrs. Lawrence Ellis of Seattle who is here for a visit with her old friends. A pink and lavender color scheme was carried out with china asters with which the table was centered, and with other accessories which made the board most attractive. Covers were laid for Mesdames Lawrence Ellis, Charles Temple, A. W. Tower, Warren Roberts, Ernest Kimmell, I. H. Boyer, Harry Lockwood, W. E. Evans, Walter Stamps, Merrill Russell, Wilbur McFadden, Lucius Phillips and Howard Martin of Los Angeles, and the hostess. Following the luncheon, guests were entertained with Five Hundred, Mrs. Martin capturing the prize.

NEW CITIZENS

Mr. and Mrs. Robert Sullivan, who have lived in Olean, New York, for the past twenty-five years, have arrived in Los Angeles and have purchased the beautiful home of Benjamin Elfigen at 711 Central avenue, Glendale, where they expect to make their future home. Their family consists of Lieut. Albert E. Sullivan, Robert, Eileen, Francis and Richard, also a son, William H. Sullivan, who is still on the officers' post supply staff in New York City. His parents expect him to be discharged in September and that he will make his home with them in Glendale. They are very much pleased with our city and will find a friendly welcome here. Their departure from Olean was much regretted by the large circle of friends they have made there.

WAS IT HYDROPHOBIA?

STRANGE EFFECT OF VENICE "HOT DOGS" ON VISITORS PARTAKING THEREOF

The Burbank Review tells of a party of 13 young people of that city going by truck to Venice last Sunday morning to enjoy a day's outing. There were eight young men and five girls. Two of the girls took their lunches and the driver of the truck ate sparingly of Venice viands, particularly eschewing the succulent "hot dog," otherwise hamburger steak, which is peculiar to the seaside resort. All the others partook in greater or less degree of the h. ds. "that make Venice famous." As a result one of the young men, on the way home became temporarily a raving maniac and bit one of the girls on the arm. He had to be held in the seat by four of his companions, who, though quite ill, were not deprived of their reason. All of the ten who ate of the hamburger were made sick, some of them violently so, the symptoms resembling ptomaine poisoning, and, in the aggravated case mentioned above, temporary insanity. Dr. Thompson, of Burbank, was telephoned to meet the stricken party, and in complying his machine was wrecked before he had reached Glendale. Commandeering a passing auto he finally reached the traveling hospital and gave first aid treatment. Before Burbank was reached the patient-laden truck ran out of gasoline and two passing autoists were stopped and impounded for a supply. Both generously responded and finally the end of the journey was reached and the patients were landed in the hospital. All are recovering. An investigation is to be made of the physical make-up of the "hot dogs" that have such an effect on peaceful visitors to the beach city.

NEW PERMANENT RESIDENTS

Mr. and Mrs. C. N. Gibbs of 110 North Cedar street are rejoicing in the presence of their daughter, Mrs. D. L. Coler, who arrived with her husband and little boy about two weeks ago from Iowa with the intention of making their permanent home here. A house will be built for the Colers on Cedar street opposite the Gibbs home, as the feeble health of her father and her desire to be near and help care for him was the special motive of Mrs. Coler's coming. Mr. Gibbs had influenza, followed by pneumonia, last winter and has never entirely recovered. His daughter, Mrs. Mary Norman, who came in the winter from Iowa with her children to visit her parents was so delighted with California that she was reluctant to return. They are hoping that she, too, will sometime come to stay. Mr. Coler, who is a painter and paperhanger, found employment right away and has been busy ever since, so he, too, is well pleased with the change.

SCHOOL TRUSTEES MEET

The trustees of the city schools held their regular session Thursday evening. Only routine business was transacted as no definite progress can be made in the building program until the bonds recently voted have been sold. Mrs. Arthur Brown, president, stated that the Board and Advisory Committee are still favorably disposed to a building similar to the Culver City School but with all unnecessary ornamental frills cut out. That cost \$50,000, but could not be built now, it is said, under \$100,000, on account of the advance in cost of material and labor. It was a show building, however, and some of its show features can be eliminated without materially affecting its general lines or substantial character. The general estimates for a Broadway School building call for two more rooms than the Culver City structure, to be built at a maximum expense of \$70,000. The committee and Board are inclined to favor hollow tile construction.

FRANCES GREGG MINER

Mrs. Arthur Miner of 614 North Louise street has come home with her baby girl, born July 19th at the Angelus Hospital. The little daughter has been named Frances Gregg Miner, the Frances part of the name being for Miss Frances Porter, of whom the mother is very fond. The baby has a five-year-old sister named Millicent.

LOS ANGELES SHORT OF WATER?

W. L. Truitt left with the Evening News a copy of a Los Angeles weekly paper telling of the awarding of contracts by the city for 14,820 feet of well casing for two wells now being bored in the Owens River Valley to supplement the water supply of Los Angeles.

WILL NOT DESERT HIS POST

REPUBLICAN NATIONAL CHAIRMAN WILL H. HAYS DECLINES TO BE CANDIDATE FOR GOVERNOR

(Special Service to Glendale Evening News)
BROOKVILLE, Ind., August 1.—Republican National chairman, Will H. Hays, in addressing a meeting of Indiana Republican editors, announced that he will not resign the national chairmanship to become a candidate for the gubernatorial chair of Indiana. He said the "national political situation is so complicated and the potentialities are so large, I cannot desert the post."

SUBSIDENCE OF RACE RIOTS

ONE MORE ADDED TO DEATH LIST MAKES TOTAL OF 34—CHICAGO NOW QUIET

(Special Service to Glendale Evening News)
CHICAGO, August 1.—The death of two whites this morning brought the race riot fatalities up to thirty-four, including nineteen negroes and fifteen whites. The city is now quiet.

TREATY PROTOCOL SUBMITTED TO SENATE

INTERNATIONAL LAW EXPERTS CLOSE TO PRESIDENT FORMULATING RESERVATIONS TO TREATY

(Special Service to Glendale Evening News)
WASHINGTON, August 1.—The president today submitted to the Senate the protocol of the peace treaty with Germany. It was not immediately opened but it is expected the Senate will make it public soon.

It is understood that it covers clauses making the treaty effective when it has been ratified by three major powers.

It was learned today that international law experts who are close to the president are formulating reservations to the peace treaty for submission to the Senate in case the president finds it impossible to have the treaty ratified without reservations. The reservations are being designed to keep the treaty from going back to Paris for further consideration.

The president continued today his conferences with Republican senators.

NEW DEMANDS FOR WAGE INCREASES

R. R. CONDUCTORS WANT 35 PER CENT, TRAINMEN 45 PER CENT AND SHOPMEN 25 PER CENT

(Special Service to Glendale Evening News)
WASHINGTON, August 1.—The Railway Brotherhoods today announced that new demands for wage increases had been presented to the Railway administration by the representatives of 690,000 conductors, trainmen and shopmen. The conductors asked for an increase of thirty-five per cent, trainmen 45 per cent and shopmen twenty-five per cent. Locomotive engineers and firemen announced that they would frame their wage demands at a meeting to be held August 12. All of the demands give an eighty-five per cent increase in the cost of living as a reason for the demand.

FIFTY BILLS ON H. C. L.

CONGRESS SWAMPED WITH MEASURES TO PROVIDE RELIEF FROM INCREASED COSTS

(Special Service to Glendale Evening News)
WASHINGTON, AUGUST 1.—The Attorney General today declared that existing laws will be invoked to the utmost in the federal campaign against profiteering in the necessities of life. He said that probably new laws will be asked for to permit the government to go further in the fight against high prices.

Chairman Reavis of the Congressional committee which is investigating the war department's food surplus, today declared that the committee will ask the Federal Trade Commission for figures showing the large profits made by dealers and will make these public as a means of beating down the costs of living.

Senator Kenyon in an interview said that Congress is swamped with fifty resolutions and bills on the high cost of living which are before it now and that there are no plans for immediate action. He demanded that Congress pass the most important of these measures immediately and said the passage of even one would secure partial relief.

The pending bills prohibit the export of certain foods; check stock speculation; abolish the government wheat guarantee; attempt to reduce the amount of currency circulating; prevent excessive fuel prices; prohibit the cold storage of foods longer than ten months.

Resolutions pending provide for an investigation of the increases in the cost of shoes, sugar, clothing, coffee and flour, and cover many other phases of the situation.

DERAILED BY WASHOUT

(Special Service to Glendale Evening News)
LOS ANGELES, Aug. 1.—Fred Fuller, engineer, was killed and several trainmen were injured when a west-bound Santa Fe freight ran into a washout last night at Hackbury, Ariz. Eight cars and two engines were derailed and the tracks were blocked by the wreck.

TRUSTEES' MEETING

NEW SCHEDULE OF RATES FOR PUBLIC SERVICE DEPARTMENT ORDERED

The Board assembled at 8:05 p. m., July 31, 1919. Present at roll call: Trustees Henry, Jackson, Muhleman and Shaw. Absent: Trustee Woodberry.

Minutes of the regular meeting of July 24th were read and approved.

Communications

Communication was read from the Pacific Coast Association of Fire Chiefs, calling attention to the annual meeting of the association to be held at Portland, Oregon, September 15th to 18th inclusive, giving an invitation to the city officials, particularly the fire chief, to be in attendance. Communication filed.

Pasadena to Ocean Park Auto Service

An application was read from H. A. Wilson for permit to run auto busses employed in passenger service between Pasadena and Ocean Park, over the streets of the city. On motion of Trustee Henry, the permit was granted.

Opening of Maryland Avenue

The city engineer presented a report in regard to the petitions and protests referred to him at the last meeting, in reference to the opening of Maryland avenue through Lot 180 of Grider & Hamilton's Lomita Park Tract. His report stated that after checking up the petitions, he finds that 60 per cent. of the frontage in the proposed district protests against the improvement; 29 per cent. is in favor of it, and 11 per cent. is not represented in either petition. On motion of Trustee Shaw, it was ordered (Continued on Page 3)

FISHING POINTERS

Frederick Easley, of 659 North Central avenue, a boy who has shown considerable pep in ball games, has been enjoying himself very much in fishing trips to the beaches. He was there a week ago and expects to go again to Redondo in about two weeks to be with his grandmother. He reports that the Spot-fin Croaker have been running "dandy" early in the morning at high tide and in the evening up to midnight at Hermosa Beach; that mackerel fishing has been good at both Redondo and Hermosa, and is expected to be still better in the near future.

EMIL KIEFER COMING HOME

Emil O. Kiefer, who was associated with the Pulliam Undertaking Company when he enlisted for service in the navy, has written friends here that he expects to get home sometime in September. He has been on the U. S. S. Kentucky. His letter was written from New York after having returned from a two months' voyage to Cuba and Panama. He anticipates a discharge which will permit him to come home for good, and resume his work with the Pulliam Undertaking Company.

RETURNS TO BOYHOOD HOME

B. Ellsworth Heald, son of W. E. Heald of 308 East Lomita avenue, who recently returned from service with the Army of Occupation in Germany, left Thursday for a visit in San Angelo, Texas, with his only sister, Mrs. DeBerry, and his brother, Willis Heald, who has a position in the San Angelo National Bank. Ellsworth will be gone about three weeks, returning in time to report to the Presidio at San Francisco September 1st at the expiration of his furlough, at which time he expects to be discharged.

SUNDAY SCHOOL PICNIC

Eighty to one hundred members of the Tropico Presbyterian Sunday School journeyed to Griffith Park, Wednesday, for a picnic, leaving in time for a mid-day luncheon and remaining until about four o'clock during which games were played and the entertainment afforded by the park was enjoyed. A big auto truck conveyed the greater number of the children, the rest going as guests of teachers who have automobiles. Everybody had a "grand time."

ANTI-ANNEXATION MEETING TONIGHT

The regular monthly meeting of the Glendale Anti-Annexation Association will be held at the High School at eight o'clock this evening, the principal speaker being Frank H. Olmstead, who will discuss the local sewer problem and its solution. All citizens interested in the welfare of Glendale should hear Mr. Olmstead on this vital subject.

ALBERT D. PEARCE,
Chairman.

FLEET TO BE HERE TEN DAYS

It is now announced that the Pacific Fleet will remain ten days off Los Angeles Harbor, Long Beach, Redondo and Venice, instead of but four as originally intended. This extension of stay is on account of the delay in President Wilson's visit to San Francisco, where he and Secretary Daniels will review the fleet, on August 21st.

CAMP FIRE PARTY

MRS. AND MISS FRANK ENTERTAIN IN UNUSUAL WAY AT BEAUTIFUL RANCH HOME

Mrs. Harriet Frank and her daughter, Miss Alice Frank, were hostesses at a ranch and camp fire party at their attractive home, 1558 East Wilson avenue, Thursday evening. To begin with, there was a wienie roast and the accessories to form an appetizing supper under the nut trees on the ranch, which had been hung with Japanese lanterns and where chairs, couches and rugs had been assembled for the comfort of the entertained. When the supper had been cleared away guests gathered around the camp fire and told stories until about 9 p. m., when they adjourned to the house for music and dancing, reluctantly saying good-bye to their hostesses a half hour before midnight. The little affair was arranged in special celebration of the homecoming of Bert Woodard. The guest list included: Mr. and Mrs. Woodard, Mr. Woodard's mother and his cousins, Mr. and Miss Parks, Dr. and Mrs. H. V. Brown, Mr. and Mrs. A. M. Beamon, Mr. and Mrs. John Allen Legge, Miss Whytock and sister, Mrs. Kingsley, Lieut. Norman Whytock, Mr. Bidlake, recently returned from service, a friend of the Whytocks, Miss Myrtle Pulliam, Miss Vera Sinclair, Miss Anie Bode, Will Bode, Mr. Flint, Mrs. Arthur Diberber, Miss Lorraine Mitchell, Robert Grumling, Mrs. Salome and Mrs. Long of Eagle Rock.

WITNESSED CATALINA FIRE

O. T. Walker and wife of 247 N. Kenwood arrived at home Thursday from a ten days' outing on Catalina Island. They found the weather cool and pleasant and greatly enjoyed their stay, barring one unpleasant incident, the fire which on last Sunday afternoon destroyed three store buildings and threatened to sweep away the whole City of Avalon. The Walkers were staying in the Glenmore Hotel which was directly in

the path of the flames. All the furniture was hastily removed and many of the guests were panic-stricken. Mr. Walker said young men clad only in bathing suits fought the fire heroically though their arms and legs were blistering from the intense heat. The bucket brigade finally arrested the onward march of the flames, after \$30,000 worth of property was destroyed.

THE DRINK WITH A KICK

Since Prohibition came the demand for soft drinks has increased by many thousand per cent. Every dealer is hunting the best of these for his customers. By far the greatest demand for any of the new drinks is for "BLUE AND GOLD."

This is manufactured by a former brewing and malting company and complies strictly with the law, containing less than one-half of one per cent. of alcohol. It is healthful and invigorating and has a regular "lager" taste. So great is the demand for it that Baird & Morrison have but recently been able to secure an ample supply for their customers and they are assured that their orders, no matter how large, will be filled promptly in the future. Have YOU tried it yet? There is only one place in Glendale where you can get this beverage all are clamoring for and that is at Baird & Morrison's, successors to the Glendale Pharmacy, 638 E. Broadway. 281t1

Balboa Park, Orange county, is planning a \$50,000 concrete pleasure pier to extend 1000 feet in the sea.

Personals

Miss Frances Watson of El Centro is visiting Mrs. Chester Killgore, 406 Oak street, for a few days.

J. J. Foster, the El Centro laundry proprietor, was in Glendale on business, Thursday.

Mrs. William C. Wattles of 1218 South Glendale avenue entertained a few friends at an informal luncheon Thursday.

The Toll boys, sons of Mr. and Mrs. C. H. Toll, of Kenneth Road, returned from Catalina, Wednesday, and Mrs. Toll got home Thursday afternoon.

Mr. and Mrs. George E. Daniels of 142 North Central avenue and their little daughter, Helen, will spend the month of August at Balboa where they have taken a cottage.

Mrs. S. W. Furnas, of Strathmore, Cal., who has been visiting her sister, Mrs. W. E. Heald, is leaving for Long Beach to spend a few days there with her sister, Mrs. Stannard.

Mrs. Arthur C. Brown of 201 Milford street has been entertaining her nieces, Misses Mabel and Ruth Chantry, of Victorville, who left Thursday to return to their home.

Richardson D. White, Superintendent of Schools, has leased a cottage at Hermosa Beach where he and his family expect to spend the month of August.

Misses Margery and Eleanor Glass of Long Beach, daughters of Mr. and Mrs. John A. Glass, are spending the week as guests of Mrs. F. S. Fell and daughter, Bettie, of Glendale Heights.

Miss Leone Shattuck, attendant in the City Library, who is taking a vacation, is the guest of Mr. and Mrs. Lester Black of Alhambra. She left Tuesday and will be gone the balance of the week.

Mrs. S. G. Wilson and daughter, Anna, of Pasadena, were guests on Wednesday of Mr. and Mrs. David Black, of 1450 Kenneth Road. Last week they had the pleasure of entertaining Dr. Kate C. Moody, of Highland Park.

Mrs. Wilbert Wadleigh, nee Lulu Slade, died Thursday morning at the White Memorial Hospital in Los Angeles of appendicitis. She was the niece of Mrs. Opal Greenwalt of this city, who leaves today to accompany the body to Greenville, Ohio, where interment will take place.

Mr. and Mrs. H. E. Bartlett of North Brand boulevard on Tuesday entertained Mr. and Mrs. Fogg of Pasadena and Mr. and Mrs. C. C. Edson, of Kansas City, cousins of Mrs. Bartlett. The Edsons spent part of the winter in Seattle and like it very much better here. They are delighted with Southern California and hope to be able to make their home here. The Bartletts took the party for an auto ride and they were greatly pleased with our little city.

Mrs. M. A. Phillips, of 417 East Palmer avenue, has been made happy by the receipt of news from her son, Elmer Phillips, who is in the navy in Chinese waters that he and his comrades in the service are looking for the arrival of a transport with one thousand men to take their places so they can be relieved and come home. She figures that it will not be possible for him to get here before the last of September. Her son, who was in France, has returned and been honorably discharged.

About a month ago Francis Wilkinson of 132 South Adams street took his wife and family by auto to San Jose to visit relatives there. Leaving the machine Mr. Wilkinson returned to Glendale. When they were ready to come home he went again by train to San Jose and brought them home in the auto. They arrived about 2:30 this morning from San Luis Obispo, which they left yesterday at 4 p. m. They had a very pleasant but uneventful return journey.

Dr. Henry R. Harrower and family got in Thursday night from a 2400-mile auto trip. They made a thousand-mile run from Crater Lake, Oregon, between Sunday and Thursday night. Leaving here six weeks ago they went first to Yosemite National Park where they spent several days. From there they journeyed to Napa county, where they were joined by Dr. and Mrs. Abbott and family, the doctor being the superintendent of the St. Helena Sanitarium. Pushing forward from there they went north along the coast to Oregon through a wonderful and primitive country. Crater Lake, their objective, they declare is "perfectly magnificent" and a very wonderful place, at an altitude of 7100 feet. They camped there four days with snow two feet thick only one hundred feet from the tent. As souvenirs of the trip to be shared with their friends they have brought back quite a collection of beautiful photographs taken along the way.

C. E. CONFERENCE

WORKERS IN ENDEAVOR SOCIETIES GET TOGETHER TO PLAN FUTURE ACTIVITIES

More than 50 members of the Christian Endeavor Societies of the Glendale District, which includes Eagle Rock, gathered at Central Christian Church Thursday evening for a conference and social. The conferences were held by groups—the presidents of the various societies in one, the vice-presidents in another, also the secretaries, treasurers and the chairmen of the various committees, Lookout, Prayer Meeting, Missionary, Social, Music and Publicity. These conferences were for the purpose of exchanging ideas and furthering plans for more effective work. It is a sign of the Christian unity so long hoped and prayed for when the young people of five different church bodies can get together and plan united work. Miss Ethel Preston, district president, presided at the meeting.

Punch and wafers were served at the close of the meeting.

LUNCHEON FOR CLUB OFFICERS

Officers and members of the Executive Board of the Tuesday Afternoon Club for 1918-19 were charmingly entertained Thursday by Mrs. John Robert White at her summer cottage at Hermosa Beach, although three of the invited guests—Mrs. Yard, Mrs. Kelley and Mrs. Duffield, were unable to respond. The ladies, who went and came by trolley, were met at the station and conveyed in the White auto to the house of their entertainer situated high above the water on the bluff where it commands a beautiful view greatly enjoyed while the luncheon was in progress. It was an entirely informal, social affair, those present being Mrs. W. W. Ramsay, Mrs. C. E. Norton, Mrs. William Nash, Mrs. Andrew Findlay, Mrs. E. H. Willisford, Mrs. Helen Campbell and the hostess.

ATTENTION, MASONS AND EASTERN STARS

Remember the picnic tomorrow at Griffith Park. Bring your lunch and family. If you have a vacant seat in your car, come to the Temple at 3:00 o'clock. Supper served at 6:30 p. m. Drinks free if you have a cup.

Miss Barbara Mitchell has gone to Long Beach to attend a tennis tournament. Miss Lorraine Mitchell and Miss Alice Frank are planning to take a hike to Roberts Camp on Saturday and remain there until Monday or Tuesday.

Mr. and Mrs. G. Phillips, Victor Daniels, Miss Eva Daniels, Harold and Roba Phillips have returned from a month at Ocean Park. They declare they had a very good time but are glad to get back to Glendale.

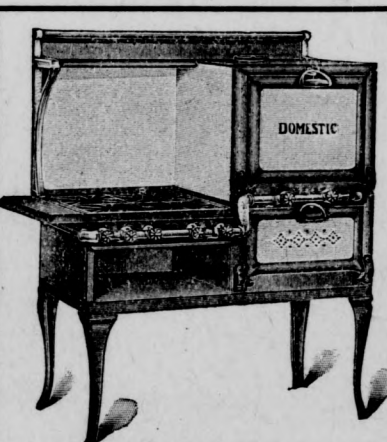

MIDSUMMER MARKET

TRUSTEES' MEETING

(Continued from Page One)
dered that proceedings that have been taken for the opening of Maryland avenue be stopped for the present, and that the action of the Board directing the city engineer to prepare the same is hereby rescinded.

Gasoline Pump Application
Communication was presented from Van Horne & Son, asking permission to install a gasoline supply pump at the intersection of Central avenue and San Fernando Road; and, further requesting the removal of the animal drinking fountain at that point from in front of their place of business. On motion of Trustee Shaw, the matter was referred to the city manager for investigation and report.

City Engineer
The city engineer presented a written application for permission to take a vacation for two weeks, beginning August 2, 1919. On motion of Trustee Henry, the same was granted.

Reports
Reports were presented and ordered to be filed from the city recorder and from the city health officer.

Recent Treatment to Water Supply
The city manager submitted a report to the effect that the instructions of the Board in regard to the removal of objectionable matter appearing in the water systems, in accordance with the recommendation of Dr. Chas. H. Griffin, had been complied with, and that the reservoirs and pipe systems had been thoroughly cleaned; and further, that the ditches in Verdugo Canyon had also been cleaned out and all objectionable matter appearing there removed. The communication expressed the belief that the treatment has been very effective.

Flood Protection Work in Verdugo Wash

The city manager presented a report in regard to the construction of flood protection work in Verdugo Wash, stating that Mr. Regan, engineer of the Los Angeles Flood Control District, has given orders to start this work immediately. The communication stated that a question has arisen as to whether wooden piling shall be used in this work as had been used by the City of Glendale in similar work in Verdugo Canyon, or whether two-inch iron piling could be substituted therefor, the latter being in use by the county. The manager suggested that it would be well for the Trustees to appoint a committee of Glendale citizens to investigate the matter and report. On motion of Trustee Shaw, the recommendation of the city manager was adopted, and the chairman, in accordance with the same, appointed a committee consisting of the following citizens: Mattison B. Jones, W. E. Hewitt, Peter L. Ferry, Ezra Parker and Joe Pagliuso.

Franchise Tax Pipe Line Co.
The city manager reported in regard to the payment of franchise tax by the General Pipe Line Co. of California, referred to him at the last regular meeting, to the effect that the same is in accordance with the terms of the franchise. On motion of Trustee Shaw, it was ordered that the report of gross receipts made to the Board of Trustees by the General Pipe Line Co. of California, be approved and the amount tendered in accordance with the same be accepted.

Annual Report of Tax Collector
The tax collector presented his annual report and turned over the tax roll to the Trustees, as required by ordinance. On motion of Trustee Shaw, the report of the tax collector was approved and ordered to be accepted.

Adjourned Meeting of the Board
Trustee Henry made a motion, that was adopted, that when the Board adjourned it be to meet August 2, 1919, at eight o'clock a. m.

Ordinance Regulating Traffic
The ordinance presented at the last regular meeting, prescribing certain rules for regulating traffic on the public streets of the City of Glendale, was read for the second time, and on motion of Trustee Shaw, adopted as Ordinance No. 357.

Lowering of Pacific Tracks from Colorado St. to South City Limits of Glendale

Trustee Henry made a motion, which was seconded by Trustee Jackson, and adopted, that the city attorney take up with the Pacific Electric Ry. Co. the matter of lowering its tracks on all the street crossings in this city between Colorado street and the south city limits.

On motion of Trustee Shaw, the city engineer was instructed to report to the Board in regard to the street crossings at which the tracks of the railroad company are above the city grade.

On motion of Trustee Shaw, the city engineer was instructed to furnish the city attorney with blue print maps showing the land necessary for the opening and widening of Orange street between Lexington Drive and Milford street.

Public Service Dept. Rates
On motion of Trustee Shaw, the following resolution was adopted on roll call: "That the city manager prepare a new schedule of rates for the Public Service Department, reducing the minimum charges, and adjusting the rates to the larger consumers, so as not to change materially the total income of the department, and that he submit such schedule, with such information and data as may be available in connection therewith, to the Board for consideration, as soon as possible.

The factory at Sunland has closed down for a short time, but will soon reopen. About 15 from this place were working and will be glad when the place is again open for more work.

Mrs. W. H. Wieman, who has been under the weather for some time, was moved to a hospital in Los Angeles for treatment. Her many friends trust she will soon be able to return.

We regret to announce the passing away of C. E. Johnson of San Ysidro Road on Tuesday morning. He has been ill for the past two years. He leaves a wife to mourn his loss. He was a resident formerly of Ypsilanti, Michigan, and Mrs. Johnson left on Wednesday for their former home there, where his remains will be interred in the family lot.

Simon Haverstick has moved back to his home, vacated by Miss Pemberton, on San Ysidro Road.

Miss Wagner was called to Los Angeles by the death of her father, and returned on Wednesday.

Mrs. Whitman and mother are at the Whitman home on Pine street, after a sojourn of four months at San Pedro.

One of the neatest little camping outfits we have seen is owned by Mr. and Mrs. Reed, who, with their friends, Mr. and Mrs. Martin, are camping out on the highway near Sunset boulevard; a dining and kitchen tent combined, is screened from flies, and is a very cosy, compact tent. Then there is a sleeping tent, well screened, and very cosy, and comfortable. The best of all is the fact that all of the equipment can be quickly folded and strapped to the auto for moving. Mr. and Mrs. Reed are from Los Angeles, and have been up to the Yosemite and are now on their return trip. Mr. and Mrs. Reed are from Pacoima and drive over every day. All like our little valley very much.

On account of illness, Miss Ellmour was unable to be in attendance at the library on Wednesday.

Mrs. Hoffman has secured another cow which will relieve the milk situation in this place. Most of the goats have been pressed into service, but soon their milk yield will be less, and it is hoped someone will come to the rescue.

Ray Wilkinson and wife spent Sunday with his parents, Dr. and Mrs. Wilkinson, at their home on Michigan Highway.

Mr. Darling of Ocean Park has been at his home here the past week busily engaged in improving the place.

Major Blake has been staying at his home in Tujunga this week, and although his work is in Los Angeles his home is here.

The average woman is just as full of whims as the average man. She was staying here to regain her health and insisted on milk as one of her staple foods; with but one cow in town, it was hard to get. Her landlady proposed goat's milk—but no—she could not drink it. At last some milk was found and for two weeks she was able to drink and assimilate it, and when she finally returned home, told her friends of the very excellent milk she had in Tujunga. Alas, it was goat's milk—"such as she could not drink"—but did and was none the wiser.

LA CRESCENTA

H. S. Bissell and A. C. Cobb have returned from their camping trip.

Mr. and Mrs. R. E. Haines and Mary Ellen are at Ojai for a two weeks' vacation.

Mrs. E. N. Nettelton has Janet Culberson as a house guest for the week end.

Mr. and Mrs. B. D. Jackson have sold their ice cream and lunch place on Michigan avenue and have moved to Glendale. The new owner, A. C. Hatch, will continue the business and build on a new addition.

A. F. Barker was up from Santa Monica on a few days' visit with Mrs. D. E. Wetherbee.

Mr. and Mrs. Hamlin have returned from Balboa where they spent a week, pleasuring.

Mr. and Mrs. J. B. McLaughlin have the class of boys from the Sunday School on a picnic at Santa Monica today.

Mrs. Emma Buchanan, an old friend of Mrs. Wetherbee's, gave her a surprise visit this week.

C. B. Moore and family are spending a week camping out on their peach orchard on Ramsdale avenue.

Mr. and Mrs. S. S. Thomas are at Colorado Springs visiting Mr. Thomas' brother.

Mr. Schwartz, who has purchased acreage on Prospect avenue, will build a six-room bungalow at once. His goods and furniture have arrived from the east and at present he is occupying the Reeves house.

Mr. and Mrs. H. E. Bruce and Miss Florence Bruce and her guest, Miss Perkins, spent a day in Venice during the week. Mrs. Bruce and Miss Florence will go to Catalina today for a short stay.

Today Telephone Properties All Return

After a year of Federal Control, the telephone property, which makes up the Bell Telephone System, is today returned to its owners by the United States Government.

While the property has been properly maintained, it is not the same property which the Government took over on August 1, 1918. It is not as adequate for its job or as well manned as it was; that it is not, is in no way the fault of Federal Control, which was eminently fair. It is due to causes for which neither the Government nor the companies are to blame.

A year ago today we were at war. Labor and material needed for both telephone operation and construction were turned to military uses. Some materials were so vital to the carrying on of the war that even the work of providing telephone facilities for the Government was retarded and no part of them could be spared for the commercial telephone purposes.

No less vital was the Government needs for those skilled to create, maintain, and operate the vast intercommunication system necessary in modern warfare and in the conduct of the vastly increased Government service.

Thousands of telephone men were already at the battle front. Thousands more were under arms, and still telephone experts and skilled operators went into the service of the Government and contributory industries by the tens of thousands.

The reserves of plant and equipment were drawn upon until they were entirely used up, and the experienced staff was gradually depleted. To find others to take the places of those who had gone was difficult; to train them takes time.

During the year came victory and the armistice, and instantly the business world sprang into intense activity. The demands for telephone service passed all former records.

To replace the exhausted reserves which has been carried for just such purposes and to replace the skilled forces to meet this unprecedented emergency there began a rush for construction, for readjustment, for high pressure repairs, for feverish extensions. All these must be continued with increasing efforts.

The return of the property comes in the very midst of this race between an overpowering demand and an up-building of a system whose growth was held back and whose forces were scattered by the vital needs of war.

Much progress has been made in the up-building of this system, but far more is still required to meet the swift growth of business; and also to give "first aid" to every other business and every other service struggling against an unprecedented demand.

Prosperity which creates this emergency in service creates also a scarcity of those desiring employment in the service.

Under such conditions telephone service generally has not been, and could not be up to the pre-war standard. It is beyond human power to immediately overcome the handicap which the situation imposes.

There are no people in any public or private endeavor who are working more tirelessly or strenuously for the common good than those of the telephone companies. Service has always been given, more of it must be given, and it must be improved. That improvement in some cases, will take months. Eventually, service must win the race with demand.

After Supper—What?

Most of your time is mortgaged to work, meals, and sleep. But the hours after supper are yours, and your whole future depends on how you spend them. You can fritter them away on profitless pleasure, or you can make these hours bring you position, money, power, real success in life.

There's a big job waiting for you—in your present work, or any line you choose. Get ready for it! You can do it without losing a minute from work, or a wink of sleep, without hurrying a single meal, and with plenty of time left for recreation. You can do it in one hour after supper each night, right at home, through the

International Correspondence Schools

Hundreds of thousands have proved it. The designer of the Packard "Twin-Six" and hundreds of other Engineers climbed to success through I.C.S. help. The builder of the great Equitable Building, and hundreds of Architects and Contractors won their way to the top through I.C.S. spare-time study. Many of this country's foremost Advertising and Sales Managers prepared for their present positions in spare hours under I.C.S. instruction.

For 28 years men in offices, stores, shops, factories, mines, railroads, in the Army and Navy—in every line of technical and commercial work—have been winning promotion and increased salaries through the I.C.S. Over 100,000 men are getting ready right now in the I.C.S. way for the bigger jobs ahead.

Your Chance Is Here

No matter where you live, the I.C.S. will come to you. No matter what your handicaps, or how small your means, we have a plan to meet your circumstances. No matter how limited your previous education, the simply written, wonderfully illustrated I.C.S. textbooks make it easy to learn. No matter what career you may choose, some of the 280 I.C.S. 1847 Rogers Bros. Silverware

Rogers Bros. 1847 Silverware has been used for three generations. Your mother and grandmother used this beautiful silverware. It is sold on a fifty (50) year guarantee but will last a lifetime. Beautiful silver is a joy forever. What woman does not love to own and use it? In order to make it easier for the housewife to use this wonderful silverware, we are going to put out 10,000 sets in Southern California at \$1.00 per week. There will be no reason why you should not use and enjoy one of these beautiful sets.

When our representative calls on you give him an interview and allow him to show you the different patterns in 1847 Rogers Bros. Silverware. This merchandise is the best money can buy.
